TEN CENTS A WEEK

MEN WERE BEATEN ALMOST TO DEATH

Pitiful Stories Told by Men Who
Reach Pensacola.

GREAT WELTS FOUND ON BODIES

Men Claimed They Were Held in Bondage at Lumber Camp—Allege They Were Beaten and Chased by Bloodhounds.

Pensacola, Fla., July 28.—With big welts and bruises all over their arms and bodies, some of them as large as a finger, and with clothing torn by the fierce attacks of bloodhounds that had trailed and caught them, three more men have arrived here from the camps of the Jackson Lumber company at Lockhart, Ala., and asked for protection.

The men are John Cook and Harry Lyman, Americans, and Vandal Kelyershult, a German.

"We tried to escape last Saturday night," said the men, "but they put the bloodhounds on us and we were trailed down and captured, and taken back to the camps."

"What did they do with us?" replied Lyman, in answer to a question. "Well, look at my arms and my back. They answer the question," he said, as he bared his arms, showing welts as large as a finger and terrible bruises.

The others were in a similar condition, Cook being so weak and exhausted that he could scarcely walk from the police station, where they had gone.

"We were given forty lashes each, and taken back. The bloodhounds would have torn me to pieces but I was fighting for my life, and saved myself by a hard fight. Here, look at my coat, you can see where the fangs of the animal sunk as he made a leap for my throat and missed me. Our second attempt to escape was more successful, and we came on to Pensacola to report the matter."

The Jackson Lumber company, reply to an article in the Pensacola Journal, giving an account of the affair, demanded of the paper that it send a representative to investigate conditions and that it retract the reports concerning it.

In reply, the paper wired that the best manner to conduct an investigation of the affair would be for the company to surrender three of their employees who it is alleged recently followed a Polander, who had escaped into Walton county, where they kidnaped him and took him back to the camps.

Cuthbert's Mayor Dead.

Cuthbert, Ga., July 28.—Captain J. W. Sealy, mayor of Cuthbert, died here at the home of his son-in-law, L. E. Key. Captain Sealy had been in declining health for some months, but the immediate and sudden cause of his death was a stroke of paralysis. He was 74 years old and has been prominently identified with the religious, commercial and political affairs of the city and county.

Horrible Death on a Saw.

Coffins, Miss., July 28.—While passing an edging machine at the W. C. Wood Lumber company's mills, John Warren, an employee of the company, tripped and fell on a saw. Warren was horribly mutilated and lived only a few minutes after the accident. Mr. Warren was a married man, and has three little children.

Sapphire Inn Is Burned.

Asheville, N. C., July 28.—Sapphire Inn, one of the Tourway company's hotels in western North Carolina, was destroyed by fire Thursday. No lives were lost. The building was one of the smaller of eight conducted by the company and the financial loss will not be great.

Private Attack Spanish Vessel.

Madrid, July 28.—Despatches from Mexico, Havana, say that the Spanish vessel, *Albatros*, has been attacked by a privateer.

WOMEN BATTLE WITH MILITIA.

Family Holds Dam, Driving Off the Soldiers.

Ladysmith, Wis., July 28.—James Hedrington, who cares for the dams of the Mississippi River Logging company, on the Thornapple river, arrived here and reports that an encounter took place between John F. Dietz and family and a body of six militiamen accompanied by Sheriff Gyland, of Sawyer county.

One militiaman was shot three times and Clarence Dietz, son of John Dietz, was shot in the head. The recovery of the militiaman is considered doubtful.

Hedrington said that the women of the Dietz household took part in the defense and he believed that 150 shots were fired. It is not known whether Dietz was served with legal papers or not.

Dietz for a long time past has held possession of Thornapple dam, preventing the driving of several million feet of logs belonging to the Chipewa Lumber and Boom company. The logs, it is said, are rotting, and the company has for time past been endeavoring to have Dietz served with legal papers compelling him to show cause why the company should not be allowed to drive the logs.

WOMAN IS INDICTED.

Edna Crane Held for Connection With Gainesville Murder.

Columbus, Ga., July 28.—Edna Crane, a young white woman, was arrested by the Columbus police Thursday upon telegraphic request of Sheriff Crowe, of Hall County, Georgia.

She has been indicted by the Hall county grand jury in connection with the murder committed in Gainesville last April, and a bench warrant for her arrest was immediately issued.

The homicide referred to was the killing of Curt Twitty, a young man of Gainesville, for which deed John Tucker Dorsey, a young lawyer of Gainesville, was convicted in the Hall superior court this week, and sentenced to seven years in the penitentiary.

The Crane woman, who is pretty and handsomely dressed and bejeweled, says that the killing occurred on Green street, a mile from her mother's home at Gough Springs. She admits having been at Gough Springs at the time, but says that the killing did not take place at her house, and that she had no connection with the homicide. She has been in a disreputable house in Columbus for some time.

Filled Negro Full of Lead.

Valdosta, Ga., July 28.—In an effort to arrest a desperate negro named Will White, in Olympia, Ga., Sheriff Campbell, of Colquitt county, and Deputy Sheriff Crosby, of this county, fired six bullets into the negro's body. The negro is still alive, but the chances are considered slim for his recovery. He was wanted in Colquitt county for burglary, and is considered a desperate character. The officers went to his house as he was sitting down to his dinner, and at the command to throw up his hands, the negro made a dash for his own gun after the sheriff had emptied his pistol, and was shot at several times by Deputy Crosby before he fell.

Engineer Killed in Wreck.

Ironton, Mo., July 28.—A fast north bound Iron Mountain mail and passenger train, drawn by two engines, was wrecked near here Thursday night by the engines jumping the track on a sharp curve, killing Engineer W. J. Eddy, of St. Louis, of the first engine, and seriously injuring Fireman George Eckard, of DeSoto, Mo.

Three Indictments Returned.

New York, July 28.—The federal grand jury has returned to the United States court three indictments which are reported to have been found as the result of an investigation of alleged rebating on sugar from the American Sugar Refining company.

25 Injured by Train Derailment.

Springfield, Mo., July 28.—Twenty-five passengers were hurt, two people were killed, and a score or more had their limbs broken up by the derailing here Thursday night of a train operated by a

REPORT IN FAVOR OF CHILD LABOR BILL

Senate Committee Amends and
Passes the Measure.

THE VOTE STOOD SIX TO FIVE

Fight Is Expected in the Senate.
Substance of the Bill as Amended is Practically the Same as the Original Bill.

Atlanta, July 28.—After two hours' consideration Thursday and a tie vote taken by Chairman McHenry, the migration and labor committee of the senate reported in favor of the Bell case child labor bill with slight amendment, by a vote of 6 to 5.

Before the committee appeared a large number of mill men from several sections of the state. Among those were S. C. Danlap, of the Gainesville cotton mill; President Jeff Davis, of the Georgia Industrial association; J. D. Turner, of the Exposition cotton mills of Atlanta; Fuller Callaway; Mr. Harding, of Dawson; Mr. Mcneid, of Griffin, and others. All were opposed to the bill in some particular.

The vote on the committee on the bill follows:

Ayes—Hunn, Carswell, Miller, Foy, Loperlan and McHenry.

Nays—King, Bloodworth, Hand, Jeyton and Fitzgerald.

It is predicted that the bill will meet with much opposition when it comes before the senate for consideration.

After the session Thursday, a number of the members collected and discussed the merits and demerits of the bill. Some stated that they were dead against the measure and would fight it. Some are opposed to it on the grounds that it is undemocratic and will take American liberties from citizens. Others are opposed to the clause.

The substance of the bill as amended is practically the same as the original. The only material difference is correction of an error which crept into the bill by an inadvertence of the printer. The entire meat of the bill is really in section 4. The section as now incorporated in the bill reads as follows:

"Section 4. Be it further enacted by authority aforesaid, that on and after Jan. 1, 1908, no child, except as heretofore provided, under 14 years of age, shall be employed or allowed to labor in or about any factory or manufacturing establishment within this state unless he or she can write his or her name and simple sentences, and shall have attended school for 12 weeks of the preceding year, six weeks of the preceding year, six weeks of which attendance shall be consecutive, and no such child as aforesaid between the ages of 14 and 18 years shall be so employed unless such child shall have attended school for 12 weeks of the preceding year, six weeks of which attendance shall be consecutive; and at the end of each year until such child shall have passed the public school age, an affidavit certifying as to such attendance as required by this section, shall be furnished to the employer by the parent or guardian or person sustaining parental relations to such child. The provisions of this section shall apply only to children entering such employment at the age of 14 years or less."

Battleship Dreadnaught Class.

London, July 28.—The agitation against successive reduction of the naval construction program has proved successful and Edmund Robertson, parliamentary secretary of the admiralty, announced in the house of commons Friday that only one battleship of the Dreadnaught class would be delegated from the original program, although savings totaling \$12,500,000 would be effected by reducing the number of a number of small vessels.

Boat Was Madden's Wife.

New York, July 28.—Mrs. Annie Madden, formerly the wife of John B. Madden, the racing man, was arrested by police here Thursday

LITTLE CHILD IS DROWNED.

Baby Drowned in Swollen Creek at Sand Hill, Ga.

Carrollton, Ga., July 28.—News has reached here from near Sand Hill, a small town 6 miles from here, in the north of the county, that the 18-months-old child of John Reeves, a farmer of near Sand Hill, was drowned. Its mother and some others had started out to a neighbor's house visiting, and the road lay across a creek. The creek was reached and they found it was swollen by the recent rains and could not be crossed. They then turned back to the house, which was not far away, and supposed the child was following, but when they reached the house missed it. They went back to search for it, but could not find it. A general search was ensued, in which many of the people took part, and the creek was dragged.

When the creek had subsided the child was found some distance below the ford, and it is supposed it wandered away from the party while they were returning, unnoticed, and that it was playing in the stream and the swift water carried it away.

MAN PLUNGES FROM BRIDGE.

Dr. John Parr Falls from Bridge Receiving Serious Injuries.

Macon, Ga., July 28.—Dr. John Parr, a veterinary surgeon, who has been at his business in this city for about two years, fell headlong from a spring street bridge over the Ocmulgee river here Thursday and landed on an abutment of the bridge in the edge of the water, where he was taken up by the police patrol and hurried to the station. Medical assistance was summoned and while it is thought his injuries will not prove fatal, he is in a dangerous condition.

No one saw the accident, and when first discovered he was seen plunging head downward to the river, 15 to 20 feet below. He was unable to speak when taken out, but has improved. He is 50 years of age, and had apparently sat down on the edge of the bridge for rest, when he dazed.

Files Application in Bankruptcy.

San Francisco, July 28.—George G. Hadley, one time partner of Senator Stephen B. Elkins, Richard B. Kerns, both of West Virginia, and Henry G. Davis, candidate for vice president on the Parker ticket, filed an application in bankruptcy Thursday. He states that his liabilities amount to \$24,540. The better portion of this amount is represented by indebtedness to the Tarrytown National bank, of Tarrytown, N. Y. The papers in the application declares that the applicant is a co-partner with the named political clans in 26,000 acres of coal land in West Virginia. He declares that it has been impossible for him to realize on the property in which he holds a one-eighth interest, and which has increased in value tenfold since the purchase was made for \$100,000.

Ptomaine Poison Causes Death.

Eureka, Calif., July 28.—James A. Boone, a citizen of El Paso, Tex., where he was once sheriff, died here Thursday from ptomaine poisoning. Boone and his wife started from San Francisco to Eureka by overland because the sailors' strike has caused a dearth of steamers. They took the stage line at Sherwood, and enroute found it almost impossible to get accommodations or anything to eat. On reaching Dyerville, a small place 50 miles from here, they bought some canned sausage and ate heartily. Upon arrival here Boone became very ill and lingered for several hours. An autopsy confirmed the diagnosis that death was caused by ptomaine poisoning. The remains will be shipped to El Paso, Tex.

Emperor Took Right Course.

St. Petersburg, July 28.—The emperor is apparently convinced that he took the right course in suppressing the parliament. A member of the nobility, enjoying personal relations with the sovereign, informed the Associated Press that the emperor displayed exceptionally high spirits. Two weeks ago when he saw that the emperor seemed under a great strain about the situation, but with "persuasion of his hands" and the "conviction of his heart" he decided to

JUDGE GIVES DECISION IN DOWIE SQUABBLE

Zion City and Industries Are
Not Dowie's.

ORDERS OVERSEER ELECTED

Landis Also Announced that Suitable Provision Would Be Made for Dowie on Account of His Services as Trustee.

Chicago, July 28.—Judge Landis, of the district court, gave his decision Friday in the controversy between the adherents of John Alexander Dowie and Wilbur Voliva over the property at Zion City.

The court holds that Zion City and its industries do not belong to Dowie, "that Dowie had no right to treat the property as his own."

The court refused to appoint Alexander Granger receiver for the reason that Granger made a vow recognizing Dowie as "a messenger of the covenant, the prophet foretold by Moses and Elijah, the restorer" to which vow "all family ties and obligations and all relations to human governments shall be held subordinate." The court said he was not obliged to repose confidence in a man so constituted that living in this republic he would solemnly vow his readiness at all times to abandon his family and betray his country.

The court ordered an election on the third Tuesday of September of a general overseer, all members of the church residing in Zion City, male and female, to have one vote. He announced that suitable provision would be made for Dowie on account of his services as trustee.

John C. Hatley was appointed receiver at Zion. His bonds were placed at \$25,000. The adjudication in the bankruptcy proceedings against Dowie was set aside.

First Primary for Texas.

Dallas, Tex., July 28.—For the first time in the history of Texas, a primary election will be held throughout the state Saturday. This will be by the Democratic party, which is required by the new election law, to so nominate its candidates. Because of the overwhelming majorities of that party, the result will be conclusive in the selection of all officers from United States senator to constable, and the general election in November will be perfunctory. Under the party rule in this state, the legislature elects as United States senator whomsoever a majority of the Democratic voters may choose. Senator Bailey has no opponent. All minority parties will also hold precinct conventions as they are not regulated by law save as to the time they shall hold conventions.

Death of Car Is at End.

Adairsville, Ga., July 28.—The ten cars of rotten peaches were inspected Friday morning and all that were necessary were hauled out of town by the city authorities. Notice was served on the Western and Atlantic railway the 25th, but no attention was paid to it, further than to send their attorney here for investigation. The city removed the fruit and rendered its bill. The car famine is supposed to be at an end. Plenty cars are now at hand for all, and shipments are now in sight. Pickin' was resumed Thursday.

Babe Scalded to Death.

Memphis, July 28.—The twenty-month-old child of W. C. Davis, a farmer near here, fell into a tub of scalding water and died in a few hours. Arrangements were being made to scrub hours when the child fell into the water and although taken out almost instantly died shortly afterward.

Bail for Liverpool.

New York, July 28.—The Gaskner of Baroda, his wife and wife sailed Friday for Liverpool on the steamer *Colonia*. The East India ruler spent about two weeks in this country visiting various cities. The ship arrived

JUDGE WILLS' RULING ACQUITS DEFENDANTS

Range and Lightning Rod Men
Relieved of Licenses.

MANAGER REYNOLDS TALKS

He is Disposed to Be Fair, and Says
When State Law is Just and Not in
Conflict With United States Law, He
Will Make Compliance.

After a long and interesting scramble, involving several legal points, which resulted in the serving of papers upon A. G. Reynolds, district manager of the Wrought Iron Range Company of St. Louis, and a number of lightning rod agents who have been doing business in the county without a license, their subsequent arraignment before the county court, their conviction and fine, and a final writ of habeas corpus secured by Carter & Layton, defendants' attorneys, the question of whether or not the State and county has a right to charge and collect a license for the sale of this class of goods by traveling solicitors has been settled by a decision of Judge Wills of the Eighth Circuit, rendered Thursday, reversing the verdict of the county court.

Mr. Reynolds is what is known as a district superintendent, or more commonly called a "block foreman," among the men who are employed under him, for the Wrought Iron Range Company. Mr. Reynolds has the charge and care of a half dozen teams, each wagon containing a sample of the wares his company has for sale. Each team is provided with a salesman, or agent, who drives through the country, calling upon various residents, and sells the range by sample, subject to future delivery.

Mr. Reynolds has been transacting business in this section with his "block" for the past two or three months. He has had no license, because he stated to the court in the trial that, under the laws of the United States, he did not require one. He came a great deal from being ignorant when placed on the witness stand. He told the court that the State law providing a license was illegal since it was in direct violation of the United States law governing this point. The jury could not see it in this way, however, after a short deliberation brought in a verdict of guilty, when the fine was assessed.

Attorneys Carter & Layton for the defense secured a writ of habeas corpus, which was argued before Judge Wills with the result as mentioned. The defendants were ordered discharged.

Mr. Reynolds was seen by a Sun representative Saturday. He stated that he was not surprised at the decision, as he was aware of the proceedings when the matter was brought before the courts.

"I am aware of my rights and the rights of my company in Florida," he said. "I am a law-abiding citizen, because I want to be, and I am not here to violate a law or to create strife. I am here for business."

Some Handsome Souvenirs.

Captain A. Paul has received from his old home, Duluth, Minn., a number of very handsome and impressive souvenir postals incident to the great storm on Lake Superior, November 28, 1905, in which there occurred so much loss of life and property. It was one of the most severe storms ever known on the great lakes, and many fine vessels, with their cargoes and crew, were lost.

The cards received by Captain Paul are photographs of various well known steamships which made the harbor of Duluth in a safe but badly dilapidated condition.

Will Tour Abroad.

C. W. Chase and B. F. Hampton, two prominent citizens, are going abroad, and will sail on August 1st from New York. They expect to be absent about two months, and will visit the principal cities of the Continent.

This is Mr. Hampton's first trip abroad, and he will no doubt have many things of interest to say when he returns.

Secretary Root at Rio Janeiro.
Rio Janeiro, July 28.—Secretary Root arrived here Friday from Bahia and was welcomed by a representative of General Rio Branco, the Brazilian foreign minister, and by the civil and military authorities. He was heartily cheered by the assembled crowds.

Baseball Next Week.

The Central City baseball team will be busy three days during the coming week on the local diamond trying to defeat the Valdosta, Ga., team.

The team from Georgia is said to be in first-class condition, and will give the locals "all they are looking for" in this series. The Central City team, however, feel equal to the occasion, and promise an exciting game every day.

The games will be pulled off Monday, Tuesday and Wednesday afternoons, beginning at 3:30. It is hoped that the enthusiasts will encourage the game by attending largely.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold, but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at all drug stores. 50c and \$1. Trial bottle free.

Attention, Elks.

A special meeting of Gainesville Lodge No. 960, B. P. O. E., is hereby called under provision of Section 45 of Constitution and By-Laws, to act upon report of Special Committee on Home, Site and Lot, at Masonic Hall, Dutton building, Monday, July 30, at 7:30 o'clock. Every brother is urgently requested to be present. Lodge will open promptly at hour named, as this is the regular meeting night of the I. O. O. F.

The Smile

That won't come off appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face. If you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S. Blackwell, Okla., writes: "My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since." Sold by W. M. Johnson.

Stillman's Condition Worse.

Listeaux, France, July 28.—Thomas E. Stillman, of New York, who was injured in an auto accident near this place July 18, was worse Thursday night, and his condition is regarded as very grave.

Nervous?

about taking Ayer's Sarsaparilla.

There are many causes of nervousness, but poor blood heads the list. The doctors call it anemia. The blood lacks red corpuscles. At your first opportunity, consult your doctor about taking Ayer's Sarsaparilla. Ask him if he has anything better for weakness, debility, nervousness. If he has, take it. If not, take Ayer's Sarsaparilla. Get well, that's what you are after.

COTTON GIN WILL RUN.

Adamson & Blake Will Buy Cotton and Conduct Ginnery For Season.

For the past few weeks it has not been known whether there would be a ginnery in operation in this city during the next season or not, as Dutton & Co., the pioneer cotton buyers of this section, sold their ginnery to Savannah parties several weeks ago.

The farmers who grow cotton have been in a quandary, but now the situation has been relieved, as it is announced that Adamson & Blake have arranged to operate a ginnery during the next season, and will also purchase all the cotton brought them.

Modest Claims Often Carry the Most Conviction.

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by all druggists.

Tennessee Town Suffers from Fire.

Knoxville, July 28.—Maryville, county seat of Blount county, Tennessee, was visited by a \$125,000 fire early on Friday morning. The courthouse, A. K. Harper's large department store and warehouse and two other buildings were destroyed with insurance of about 50 per cent. The fire started in the store of A. K. Harper, who is one of the largest merchants in East Tennessee, and was supposed to have caught from lightning. The town has no fire protection, and with the use of dynamite and bucket brigades, the flames were checked.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

Resign from Relief Commission.

San Francisco, July 28.—Colonel Pippy, Edward Moran and Charles T. Divine, composing the relief commission which has had the relief work in charge here, resigned Thursday night, the resignations to take effect August 1. Dr. Divine made known his intention of resigning several days ago. Colonel Pippy also declared some days ago that he would resign and gave as his reason for doing so the pressure of private business. Moran's resignation was not expected. A salary of \$6,000 a year was attached to the positions.

Only 82 Years Old.

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson of Dublin, Ga. Surely there's nothing else keeps the old as young and makes the weak as strong as this grand tonic medicine. Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by all druggists. Price 50c.

CONTAGIOUS BLOOD POISON THE WORST DISEASE IN THE WORLD

Contagious Blood Poison is the worst disease in the world; not only those who contract it suffer, but the awful taint is often transmitted to innocent offspring whose lives are blighted and bodies diseased because the virus of Contagious Blood Poison has been allowed to remain in the family blood.

The first sign of this disease is usually a little pimple or blister, then a red rash breaks out, the mouth and throat ulcerate, the hair comes out, copper colored spots appear on the limbs, back and breast; and as the disease more thoroughly pollutes the blood, sores and ulcers form and if the trouble is not checked the finger nails drop off, and the soft bones of the nose and head are destroyed. S. S. S. goes down into the blood and forces out every particle of the poison and makes a complete and lasting cure. As soon as the system gets under the influence of the remedy the symptoms begin to pass away, and when the cure is complete the patient is left in perfect health. So thoroughly does S. S. S. rid the system of the virus that no signs of the disease are ever seen in after years, and posterity is born with a rich, pure blood supply. Book with complete instructions for home treatment and any medical advice desired will be given without charge.

FUNERAL OF ED. GRANGER.

Was Held Saturday at Melrose—Mr.
Granger Killed Near Bartow.

The funeral of Edward Granger, the
naval stores operator who was em-
ployed as woodsman in South Florida,
and who was murdered by two negroes
on Wednesday night, was held at Mel-
rose Saturday morning, and the in-
terment was in Melrose cemetery.
Rev. Mr. Moseley conducted the serv-
ices.

The report of the murder and subse-
quent lynching of the two negro per-
petrators which occurred for the first
time in print in The Sun of Saturday
morning, proved correct, with the ex-
ception that the location was wrong.
The lynching, according to a telegram
from Tampa, occurred near Bartow in-
stead of Kissimmee, as was reported.

Attention, I. O. O. F.

The regular weekly meeting of Cen-
ter Lodge No. 11, I. O. O. F., will be
held Monday evening in Masonic Hall,
Dutton building, at which there will
be work in the Initiatory degree. A
full attendance is desired, and visiting
brothers will receive a cordial wel-
come.

LOST A FINE BULL.

Fine Registered Jersey of Carter's
Dairy Dies Very Mysteriously.

The Carter Dairy, which is famous
throughout the country as being one
of the best in the State, has sustained
the loss of one of its finest registered
Jersey bulls, which died very myste-
riously a day or two ago. The bull
cost when a small calf \$100, and was
from the finest registered stock in the
country. It is believed that the ani-
mal was snake-bitten, as the symptoms
were strange to those in charge of the
dairy, who are well posted on all
diseases of cattle.

The Carter dairy owns between
eighty and one hundred head of fine
Jersey cows, all of which are prolific
milk producers.

Miller Buys Property.

Phillip Miller, who has lots of con-
fidence in Gainesville and its people
and future, has purchased a valuable
lot on West Liberty street. It is not
known whether Mr. Miller will build
or hold the lot for speculation, but it
is known that he has bought it, which
alone is evidence of his confidence.

Mr. Miller already owns fine prop-
erty in this city. For years he was
engaged in business here, afterwards
leaving and taking up his home in
Jacksonville. Realizing, however,
that Gainesville was a growing town,
and with a heart full of enthusiasm for
the welfare of the city, he returned,
because he realized that Gainesville
was the best town in Florida in which
to live and prosper and rear a family.

DEATH OF DR. DREW.

Telegram Received Announces His
Sudden Death in Jacksonville.

Mrs. T. J. McKee received a telegram
from her niece, Mrs. Dr. Stanton Drew
of Jacksonville, announcing the sudden
death of the latter's husband in that
city Friday morning.

Dr. Drew was one of the best phy-
sicians in Jacksonville. He graduated
with first honors and was for a year in
charge of Bellevue Hospital, New
York. His wife is a daughter of H.
von Luttichau of Exeter, this county,
her maiden name being Miss Pauline
Luttichau.

The many friends of the bereaved
widow extend their sympathy in the
sad hour of her affliction.

The poultry industry is an important factor today, and will bear much study, whether conducted as a side line or as an exclusive occupation.

D. R. Henderson & Co. of Seneca, Lake county, have sold their turpentine interests to Mr. McGee for \$100,000. This is one of the largest deals made in that section of Florida for years past.

The Lake Butler Star remarks that if the rainy season keeps up much longer there will be plenty of work for the drainage commissioners in that section, without going to the Everglades.

Jacksonville has played miserable baseball this season, having lost 54 and won 24 games, and the fans of that city are disgusted. Wonder if the enactment of the anti-Sunday baseball law has so thoroughly demoralized them?

All dogs not muzzled in Jacksonville by August 1st will be killed by the police. During the past year several deaths of persons have occurred in that city from the effect of being bitten by dogs supposed to have been afflicted with the rabies.

Chappelle and Yancy, two former star baseball players on the South Atlantic League, are making a great record this season on the New York State League. It is said that both of these players, who were at one time with the Gainesville team, are booked to go up higher next season.

The good book says, "Give to every one that asketh thee," but that doesn't mean to give a drunkard money to buy whiskey; it doesn't mean to give the baby a hammer and looking-glass because he asks for it, and it doesn't mean that we should give to professional beggars who travel from town to town. The Bible doesn't always mean what it says, but it always means what it means.

SUNBEAMS

Written especially for Gainesville Daily Sun.

The world's great heart is like an organ vast; the sweep of the individual hand will produce either harmony or discord.

The edelweiss is a little perennial, white, woolly plant that grows high up among the Alps. It grows only when bosomed in eternal snows and nursed by the tempests. Ah, here's the paradox of life. Some of the sweetest, purest, noblest souls of earth are like reeds shaken in the wind. The greater the storm the grander the life. How indefinable, yet how often seen.

The human mind does not achieve its victories by one single effort. From every conceivable source the mind gathers in its treasure-trove. A sort of mental incubation goes on all the while. From some form of common fact the eagle form of splendid discovery springs forth. Physiologists call it "unconscious cerebration." Our brain toils on, all unknown to us working out new and startling truths from facts long since gathered. Some would dare to call it "inspiration." New-born thought, whose marks are majesty and power, is but the beautiful fabric unconsciously spun by the brain from a wilderness of material as it passes through the loom of life. And we're amazed at the finished product.

Doctor Gladden tells us that it is the men and women who sit every Sunday morning in the pews of our churches to whom the call for increased public spirit comes first and loudest. They, more than all others, are responsible for the redemption of our cities and towns. The cities are in the condition in which we now find them because they have worn too loosely the bonds of civic obligation. They have been too willing to take from the commonwealth the protection, the privilege, the bounty, and to render little or no return in faithful service. When the city summons they say, "I pray thee have me excused." They sometimes talk of unreasonableness if you suggest that a man might be required to neglect his business, or to forego a portion of his gains in order that he might serve the city. All such estimates must be revised. We shall never have good government until those who call themselves Christians get a deeper and broader idea of consecration. It is a high calling—this call to American citizenship.

If a man serves the end unto which he was born, that purpose will consume him. "We are remembered by what we have done." Like the candle, the design of which is to give light through its own consumption, it burns on and on until the flame snuffs itself for want of more to burn. David incarnated himself in Israel's psalmody and sung for the ages. Isaiah dreamed of prophecy until his life became the expression of unborn days. Socrates spent himself until the Athenian youths were tolled to intellectual greatness. Alexander the Great burned with the spirit of war until his very step made the earth quiver as though already conquered. Dickens poured out his life among England's poor until the world caught the sublime conception of kinship. Peabody transformed his life into gold and then taught men how to transform that gold into brains. O, no man can accomplish the end for which he was born unless that end consume him. Flame on, thou restless soul. Burn on and on, until the flame of thine own design consume thee. Here, and only here, begins thy truest immortality. And from these ashes of thyself, He who planned the design shall kindle another and grander flame whose years lose themselves in outstretched centuries.

As we walked the streets of Gainesville last week we could not help noticing the phenomenal progress of that beautiful city. There is no comparison between the condition of that city now and what it was under the "wet." The sobriety, prosperity and happiness of the people were everywhere manifest. Its present advancement on all lines, financial, moral, social and intellectual could not have been possible under the influence of the open saloon. The open saloon is a blight without a single redeeming feature.—Brooksville Argus.

Let us rally around the standard of youth, remembering that the future of our country shall be what the young people make it. Let us show our fathers and mothers that the boys and girls of today shall be ready to stand forth fully equipped men and women of tomorrow. Let us show them the rising generation, which is following in their footsteps, is fully competent to succeed them and shoulder the responsibility of the farm, the home and the nation.

A young woman in Gibson City, Illinois, has resigned her position as teacher in the public schools for the purpose of going as a missionary to Africa. Why should she go so far when Chicago is so near, and where there are more heathens to the square yard than there are in Africa to the twelve square miles? Strange ideas of missionary work these school marmas have.

D. T. Gerow, who for the past 25 years has had charge of the Standard Oil interests in Jacksonville, has resigned. He is postmaster of Jacksonville and will hereafter devote his entire time to the duties of that office. Mr. Gerow is one of the Republican "wheel horses" of Florida.

When a man in search of a home or business location goes to a town and finds everybody full of hope and enthusiasm over the prospects of the place, he, too, soon becomes imbued with the same spirit, drives down his stakes and goes to work with equal interest.

PILES

"I have suffered with piles for thirty-six years. One year ago last April I began taking Cascarets for constipation. In the course of a week I noticed the piles began to disappear and at the end of six weeks they did not trouble me at all. Cascarets have done wonders for me. I am entirely cured and feel like a new man." George Kryder, Napoleon, O.

NEWS OF CITY AND
COUNTY CONDENSED

Have your stationery printed at The Sun office. First-class work promptly delivered at reasonable prices is our motto.

Henry R. Stokes and John Merry of Micanopy were among those who favored the county capital with a visit yesterday.

Miss Marie E. Bailey left yesterday for Daytona, where she will enjoy the exhilarating sea breezes for the next few weeks.

Miss Lennie Stokes, who has been employed by the Pepper Publishing Company, returned to her home at Hawthorn yesterday, where she will remain.

W. D. Morton, a well known citizen of Eve, was in the city yesterday. He was accompanied by his nephew, Geo. Douglass, of Ocala, who was en route home after a visit to the Mortons at Eve.

Mr. and Mrs. J. W. McCollum returned last night from Raven Gap, Ga., where they have been sojourning for the past three weeks. Miss Jessie Bodiford expects to make her departure for that popular resort today.

E. K. Rosborough of Windsor, who holds a responsible position as traveling salesman out of Jacksonville, was in the city yesterday. Mr. Rosborough has made a most successful salesman, and is quite popular with his trade.

Dr. and Mrs. Wm. Sutherland of High Springs are rejoicing over a new visitor, being Miss Sophie Elizabeth Denbar Sullivan. The young lady arrived on Wednesday, and the parents are very proud. May the little lady live for many years to cherish and comfort her parents.

G. T. Kennard, representing the Slinger sewing machine, has returned to the West End, where he has been for some time in the interest of his company. Mr. Kennard has decided that Newberry is the most central point for his territory, and will remove with his family to that place at once.

M. C. Akins of Webster was in the city yesterday. Mr. Akins is a prosperous planter of that section. He has decided to replace his common Florida stock with registered Jerseys, and came for the purpose of purchasing a Jersey cow, a very fine animal, from J. F. Bone. The cow was shipped by express yesterday.

Miss Minnie Lee, a popular and charming young lady of Melrose, has accepted the principalship of the Jennings Lake school. On beginning the enrollment was twenty-five pupils; it now has increased to forty, and doubtless an attendance of fifty or sixty will be later attained. Miss Lee is an efficient teacher and the patrons will be pleased with her efforts there.

Miss Helen Parkhill of Monticello and Miss Fannie Coles of Tallahassee are in the city on a visit to friends. Miss Pearl Winstone. Miss Parkhill is a relative of Supreme Court Justice

MOZLEY'S
LEMON
ELIXIR

The Ideal Laxative.

There are no unpleasant effects from MOZLEY'S LEMON ELIXIR, but its action is thoroughly effective. It regulates the Liver, Stomach, Bowels and Kidneys, cleanses the system of all impurities, but does not gripe or produce the least unpleasantness. MOZLEY'S LEMON ELIXIR, unlike other laxatives, has a most pleasing taste, children even beg for it. 50 cents and \$1.00 per bottle.

AT ALL DRUG STORES.

Charles B. Parkhill. It is to be hoped that these popular and charming young ladies will enjoy their visit here, notwithstanding they have come during the extreme dull season.

Mr. and Mrs. H. M. Steele, formerly of this city but now making their home in St. Louis, where Mr. Steele is connected highly with the C. F. X. Car Lines, are rejoicing over the visit of the Stork to their home on the 2nd inst., leaving a fine boy. Being the only boy, of course his name is Henry Martin Steele, Jr., and the parents are as proud as a boy is of his new drum. Friends here extend congratulations.

The G. W. Hyde Company advertises the grand finale of the great clearance sale, which will last only one week longer. This sale has been one of remarkable success, and many customers have been benefited by the wonderful bargains found at this store. If you are looking for the right thing at a price lower than is right, don't fail to attend the sale the coming week, which will afford the last opportunity.

J. F. Smith, the photographer, expects to make his departure tomorrow morning for Niagara Falls, N. Y., where he will attend the annual session of the Association of the Professional Photographers of America. The association is composed of only the most efficient of this profession, and the meetings are for the purpose of exchanging ideas in the art of photography in all its branches. It is considered quite an honor to hold a membership, as the same is limited, and only first-class workmen, after a thorough examination as to their ability, will be accepted. While absent Mr. Smith expects to visit several other places of interest. He will return about August 20.

Letter to Geo. W. Hyde.
Gainesville, Fla.

Dear Sir: How did you get your business? We'll tell you how we got ours. You sell shoes, we make paint; perhaps we can do a good turn to ourselves, you and we, by swapping experiences.

We began 152 years ago in a little shop a few minutes' walk from where we are now; a great many things have happened, we don't remember them all. We made as good paint as we could and learned to make better. We are the oldest now; we don't know whether we had any teacher or not; it's so long ago; if we had, he's gone and forgotten. We should have been forgotten, if we hadn't made good paint and friends.

You buy your shoes; you have an advantage in that; if you make a mistake, you can stop it quick; if you make a hit you can push it quick. We've had to go slow; it's hard to pick out one's own mistakes, and nothing but fun to correct the mistakes of others.

You know where to go for leather that keeps its shape, feels good, looks new and wears a long time. What a comfort it is to be comfortable from making one's customers comfortable! We also have a unique advantage—unique, you know, means that nobody else has anything like it. We make a strong paint that takes less gallons, saves half the cost of painting your house, and it's like that leather of yours for wear. It is all paint and the strongest of paint. Paint is usually adulterated and weak.

We're very old, but we make young paint! One gallon is better than two, if it has the stuff in it.

Yours truly,

F. W. DEVOR & Co.,

P. S.: The S. J. Thomas Co. sell our paint.

BOUGHT VALUABLE LOT.

C. A. Colclough Purchased From W. R. Thomas Valuable Property.

Another real estate deal of importance has been made in this city, C. A. Colclough having purchased from W. R. Thomas a lot thirty-three and one-third feet wide, running from West Liberty to West Union streets, something over 2,000 feet. The consideration is said to have been \$3,000.

The lot is one of the most desirably located in the city, being on one of the most prominent thoroughfares, and a lot which can be used for either residential or commercial purposes.

Mr. Colclough has not stated what he proposed to do with the property.

Abraham Lincoln

Was a man who, against all odds, attained the highest honor a man could get in the United States. Ballard's Horehound Syrup has attained a place never equalled by any other like remedy. It is a sure cure for coughs, colds, bronchitis, influenza and all pulmonary diseases. Every mother should keep supplied with this wonderful cough medicine. Sold by W. M. Johnson.

No Strike at Present.

St. Petersburg, July 28.—At a joint conference of the Russian revolutionary committees held across the Finnish frontier Friday morning it was resolved not to declare a general strike at present.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

Destroy the cause, you remove the effect.

Sold by leading druggists. Sent by mail on stamps for sample to The Herpicide Co., Detroit, Mich.

THE BREAKERS

THE BREAKERS is second to none in location and beach attractions. It is the ideal hotel for summer tourists. Situated upon a high bluff overlooking the ocean, and less than two hundred feet from the rolling surf, it combines the benefits of an ocean voyage with the pleasures of a shore resort. The rooms are large all outside, en suite and single with baths, and thoroughly screened. The dining-room is on the ocean side and one of the most attractive rooms of the hotel. Electric lighting, telephone service and immediate connection with an up-to-date livery.

Bus will meet all trains.

In addition to the Breakers it has been possible to add the use of the Clarendon bath houses, bowling alley, pool tables, dancing pavilion and the famous Clarendon fishing pier. The table will maintain the high standard to which Mr. Holt pledges himself, wherever he assumes the management.

The remarkable record for healthfulness, especially for children, is a well established feature.

The proof of all is to join with the many who are booking for the season.

HAD NARROW ESCAPES.

Nothing Short of Miracle that All in Store Were Not Killed.

LaGrange, Ga., July 28.—The excitement of the awful explosion of dynamite which occurred at 12:40 o'clock Thursday, has abated.

The funeral of William Stewart, who was almost instantly killed by the explosion, was held Friday. He was about 19 years of age, and a most exemplary young man.

Otis and John White, and A. H. Parker, who also clerked for the King Hardware company, were not seriously injured, although badly cut and bruised. The White boys were taken to their home in Moundville.

It is nothing short of a miracle that all in the store were not killed. William Stewart's body was thrown 20 feet against a wall and was horribly mangled. The others were thrown some distance.

The King Hardware company, the LaGrange branch of the King Hardware company of Atlanta, carried a heavy line, and while it is impossible to estimate the loss, it is believed that fully 60 per cent is ruined. The interior of the store is a mass of wreckage, and when this is cleared the damage may be found even greater than this.

The two-story brick building is badly damaged. A great hole was blown out of the wall on the Hines street side, and the whole building wrenched. Overhead the Masonic hall and the several rooms of the Elm City club, sustained serious damage and are considered by many as unsafe.

The explosion occurred at the noon hour when few customers were in the store. Had it been at another hour, perhaps the loss of life might have been fearful.

The concussion was felt all over the city, and many windows were broken in the vicinity of the wreck.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes, and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

Gas Concern at Waycross.

Waycross, Ga., July 28.—The Pintch Gas company, of New York, has just purchased land in this city on which will be erected a big plant for the manufacture of Pintch gas. A representative of the company has been in Waycross for two weeks looking after a location for the plant, and as his gas is to be used only by the railroad company in lighting their coaches, a location as near the railroad tract was chosen. The company will erect a main building of brick, to cost about \$6,000, besides necessary outbuildings.

Saved His Comrade's Life.

"While returning from the Grand Army Encampment at Washington City, a comrade from Elgin, Ill., was taken with cholera morbus and was in a critical condition," says Mr. J. E. Houghland of Eldon, Iowa. "I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and believe saved his life. I have been engaged for ten years in immigration work and conducted many parties to the South and West. I always carry this remedy and have used it successfully on many occasions." Sold by all druggists.

Sage Estate Left to Widow.

New York, July 28.—Except for a few small bequests to relatives the fortune of Russell Sage is left to his widow. There is no charitable bequest in the will. There was nothing in the will to indicate the value of Mr. Sage's estate. Each of Mr. Sage's nephews and nieces is left the sum of \$25,000.

Child Met Death in Gas Tank.
Newburg, N. Y., July 28.—After mourning for over three years for her son Charles, whom she thought had been kidnapped, Mrs. James Flanagan, of Fishkill Landing, identified parts of the clothing of the skeleton of a little boy found at the bottom of a gas tank well. Employees of the local gas plant were working at one of the three reservoirs when an iron fitting dropped from the sidewalk to the bottom of the well. In grappling for it, they hauled up a child's overcoat. Further investigation disclosed the remains of the body of the little Flanagan boy.

Your Liver

Is out of order. You go to bed in a bad humor and get up with a bad taste in your mouth. You want something to stimulate your liver. Just try Herbine, the liver regulator. A positive cure for constipation, dyspepsia and all liver complaints. Mrs. F. —, Ft. Worth, Texas, writes: "Have used Herbine in my family for years. Words can't express what I think about it. Everybody in my household are happy and well, and we owe it to Herbine." Sold by W. M. Johnson.

Begins Gallows for Rawlings.

Valdosta, Ga., July 28.—Sheriff Passmore began work Friday on the scaffold upon which J. G. Rawlings and the negro, Alf Moore, are to be hanged a week later. J. G. Rawlings does not pretend to be worried over the outlook. He says that he believes that he will be the only one of the bunch to be hanged. He also says that there will be no appeal to the pardon board for the boys. He says that they are innocent and this will be shown in a few days to the satisfaction of everybody.

Bowel Complaint in Children.

During the summer months children are subject to disorders of the bowels which should receive careful attention as soon as the first unnatural looseness of the bowels appears. The best medicine in use for bowel complaint is Chamberlain's Colic, Cholera and Diarrhoea Remedy, as it promptly controls any unnatural looseness of the bowels. For sale by all druggists.

Counterfeiters Located.

Salisbury, N. C., July 28.—What is believed to be a gang of counterfeiters has been located in this city by Sheriff Judson, of Rowan county. The discovery was made through two silver pieces sent to the sheriff from Cleveland county, parties at that place having procured the spurious coin while in Salisbury.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation, as it stimulates the liver and restores the natural action of the bowels, without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

WILL USE TOP MINNOWS.

To Destroy Mosquitoes in City of New Orleans, La.

New Orleans, July 28.—A proposition to use top minnows in stagnant pools in place of oil to destroy yellow fever mosquitoes and prevent their breeding, was advocated by Dr. Quitman Kohnke, city health officer of New Orleans in an interview. He said he had contemplated asking the U. S. government to establish at New Orleans, a breeding pond for top minnows to be used for stocking the stagnant water about the city. Dr. Kohnke said: Top minnows are more effective as mosquito destroyers than the goldfish which are reported as ridding water of mosquitoes in Hawaii. In stagnant water I believe that the minnows are better than the use of oil, which is spread over the surface of the water. At the present time in the city's drainage canal there are sufficient minnows to destroy all the wiggle-tails, which develop into mosquitoes. Frequently some one calls attention to the importance of oiling the surface of these drainage canals. This is absurd for on account of the minnows the canals do not breed mosquitoes. The top minnows breed rapidly, so that if properly handled, their supply can be made almost inexhaustible.

The city of New Orleans is at present spending \$60,000 in a campaign against the mosquito pest, cutting down the weeds to dry up the stagnant water pools and oiling wherever the ponds do not readily evaporate.

Sail for England.

New York, July 28.—On board the steamship Cedric, of the White Star line, the majority of the members of the Harvard eight-oared crew that recently defeated Yale is sailing for England for a race on the Thames on September 4th, with Cambridge university eight.

Twenty-Year Battle.

"I was a loser in a twenty-year battle with chronic piles and malignant sores, until I tried Bucklen's Arnica Salve, which turned the tide by curing both, till not a trace remains," writes A. M. Bruce of Farmville, Va. Best for old ulcers, cuts, burns and wounds. 25c at all druggists.

Godwin Nominated Congressman.
Raleigh, N. C., July 28.—After an all night session the Democratic convention of the sixth congressional district Friday nominated H. L. Godwin, of Harnett county, for congress on the 35th ballot. Mr. Godwin defeats G. B. Patterson, who has represented the district for the past four years. The convention began balloting early last night and adjourned at 6 o'clock this morning, and it was 9 o'clock before the Godwin forces had developed sufficient strength to secure the nomination.

Alleged "Ice Trust" Still in Court.
Jacksonville, Fla., July 28.—The alleged ice trust case is yet before the criminal court. The defendants' attorneys closing out on all motions argued. The evidence was concluded by the state at noon Friday and the defendants had no witnesses. The arguments will take until Saturday evening. Solicitor Bryan declares he will succeed in having the charter revoked as he will institute quo warranto. He believes the men will be convicted at this trial.

Ohio Governor's Salary.
Columbus, O., July 28.—The attorney general of Ohio has entered an opinion on what salary Governor Harris is to draw. He holds that the increase to \$10,000 does not go into effect until after the term for which Governor Patterson was elected. Governor Harris is already filling out Governor Patterson's unexpired term, and therefore his salary will be but \$8,000.

Marriage Superstitions.
Among the agricultural laborers in England neither father nor mother of the bride and bridegroom go with them to church. The bridesmaid and groomsmen should be an engaged couple whose marriage is fixed. If the wedding party does not count even, one of the guests will die within a year. The wedding party should not be in church when the clock is striking, and the bride should not enter first in her own house after the marriage. It is unlucky to address the bride after the ceremony by her maiden name. In Moore's "Life of Byron" we are told that on the morning of his ill-starred marriage, when about to depart, Byron said to the bride, "Miss Milbanke, are you ready?" a mistake which the lady's confidential attendant pronounced to be a bad omen.

An Old Family Society.
The Buchanan society, as the name denotes, is composed of individuals of the name and clan of Buchanan and is the oldest named society in Scotland. It was instituted in Glasgow so far back as 1725. At a friendly meeting of some of the name of Buchanan held there on March 5 of that year the following proposal was made:
"That the name of Buchanan, being now the most numerous name in the place, and many poor boys of that name, who are found to be of good genius, being lost for want of good education, a fund might be begun and carried on by the name, the interest of which in time might enable some of them to be useful in church and state."
This society has since gone on with almost uninterrupted success. It has attained a position of high importance and is of great practical use.—London Notes and Queries.

THE ELEPHANT.

He Is Good Natured, Docile, Obedient and Long Suffering.
"The elephant is the best natured beast in all wild creation," said a circus man. "Most people have an idea that the big beast is apt to go wrong any time and make all kinds of trouble for everybody. Now, as a matter of fact, I have never but once seen a freak of this kind. Then the result was directly due to the intolerable abuse of flat headed grooms. It seems to me that if some one was putting a steel point or hook into a soft joint of yours or mine many times a day and without any good reason for it we would show temper and tear up things too. The only difference is the elephant has more patience. He is docile, obedient and long suffering. When an elephant gets a little out of sorts there is always some lightweight attendant, it seems, to fly off and say he is 'daffy.' Ninety-nine times out of a hundred the poor elephant has been badly treated, and, as he cannot talk, he does about the only thing he can do and trumpets his disgust or possibly goes a step further and eases his feelings by taking a crack with his trunk at something within reach. Elephants are as kind hearted and tender as women and respond to little attentions the same way, and in the same way, just like a woman, when they get soured, it takes a long while to sweeten them again if it can be done at all."—Chicago Chronicle.

At Anchor.
A chief of bureau in the navy department tells a good story of the time when one of the secretaries of the navy got the notion into his head that officers should not permit their wives to reside at the foreign stations to which their husbands might be attached. So an order to that effect was promulgated. Soon thereafter considerable perplexity and no little amusement was afforded the secretary when he received the following cablegram from Commodore Fyffe, then in command of the Asiatic squadron:
Secretary Navy, Washington:
It becomes my painful duty to report that my wife, Eliza Fyffe, has, in disobedience to my orders and in the face of regulations of department, taken up her residence on the station and persistently refuses to leave.
